# CONTROL CHIEF TELECHIEF RADIO REMOTE

## SAFE & SECURE

## HANDHELD REMOTE CONTROLS

Safety comes first with our TeleChief industrial remote controls. Looking to control your crane from a safe and convenient distance? We have your choice of 1 - 3 motion wireless controls available for purchase at Crane-Controls.com.

Never get your wires crossed! The TeleChief line from Control Chief features unique 32-bit security codes to ensure interference-free wireless control of your cranes, boat lifts, winches and gates.

## RELIABLE & LONG LASTING

## RADIO CONTROLS

With low power indicators and jammed button detection, TeleChief wireless systems decrease down-time and diagnostic costs. Long service life is guaranteed by shock-proof circuitry, IP65 rated nylon enclosures and secured by a one-year warranty.

TeleChief remotes run on just two standard AA alkaline batteries, coupled with extremely low power consumption, ensuring for all-day operation.

## NOT CONVINCED?

## CHECK THE SPECS BEFORE YOU CHECK OUT

- Supply voltages available in 110VAC or 12/24VDC
- Long range operation up to 330ft (100m)
- 310 ~ 320 MHz operational frequency
- 4-point shock mount design of receiver for demanding applications
